INTRODUCTION

Ardhi Institute Morogoro (ARIMO) is a Government-owned Institute under the Ministry of Lands, Housing and Human Settlements Development. It is currently registered with the National Council for Technical and Vocational Education and Training (NACTVET) to provide competency-based technical education in Geomatics, Urban and Regional Planning, and other land related programs from Basic Certificate to Diploma.

VISION AND MISSION STATEMENTS

VISION

To be a center of excellence in providing technical and professional training, research and consultancy services in Geomatics, Urban and Rural Planning and Land Management

MISSION

To provide flexible and sustainable high standard and quality training, research, and consultancy services in surveying and mapping to meet the needs of clients.

OFFERED PROGRAMMES

At the present the Institute offers Diploma and Certificate courses in Geomatics (*Surveying and Mapping*) and Urban and Regional Planning. The curricula for Architecture and Geographical Information Systems (GIS) are been developed and in the near future the candidates for these programmes will be enrolled.

A. GEOMATICS (GM)

Diploma in Geomatics

The minimum entry qualification for Diploma in Geomatics (NTA 6) is:

EITHER Advance Certificate of Secondary School Education (ACSSE) with any principal passes in Mathematics and Physics or Geography

OR Certificate in Geomatics, Cartography, Civil Engineering or Full Technician Certificate.

Basic Certificate in Geomatics

For Basic Certificate programme the minimum entry qualification is Certificate of Secondary School Education (CSSE) with at least D grade in Mathematics, Physics, Geography and English.

B. URBAN AND REGIONAL PLANNING (URP)

Diploma in Urban and Regional Planning

The minimum entry qualification for Diploma in Urban and Regional Planning (NTA 6) is an Advanced Certificate of Secondary Education (ACSE) with at least one principle pass or above and a subsidiary pass in any science subject.

OR Basic Certificate in Urban and Regional Planning

OR Equivalent qualifications from any institution recognized by NACTVET.

Basic Certificate in Urban and Regional Planning

The minimum entry qualification for Basic Certificate programme is at least the Certificate of Secondary Education Examination (CSEE) with four “D” passes or above in either of the following subjects: Mathematics, Physics (or Engineering Science), Geography, English, Chemistry, Biology, Commerce and History.

OR

A certificate of Secondary Education and National Vocational Training Award Level 3 (NVTA 3)

C. SHORT COURSES AND WORKSHOP TRAINING

The Institute conducts short courses and workshop trainings on the matters related to GIS, Remote Sensing, GNSS Technology, Surveying, Mapping, Urban Planning, Architecture and Land Management.
